## How £50 turned into a £Million!

Profits achieved backing at Betfair prices using our recommended staking plan as detailed in the manual. Starting bank is £50 with stakes set at 4%. Commission of 5% has been deducted from all winning bets. The Betfair price (BP) has been estimated at 15% above the industry SP for years 2005-2008. The actual Betfair SP has been used for all bets in 2009.

From a starting bank of just £50, the total profits after just over four and a half years is a life changing...

# £1,014,745.31

Obviously, to achieve these kind of profits, stakes would need to be split between different betting exchanges and also traditional bookmakers so the bank may not have grown exactly as shown in this illustration. Also, most people would withdraw their profits long before stakes & profits reached such huge amounts. Nevertheless, this illustration does show the powerful potential of the Tyche Windfall system!
